NOT JUST A VEHICLE, BUT A VISION - Treo

Mahindra Treo is not just a vehicle, it's a vision. This futuristic idea came into being when Mahindra launched the country's first electric auto, Treo, in 2018. Very soon, Treo elevated technology, comfort, safety, and style in the three-wheeler passenger category to a new level and became the country's No. 1 e-auto.

INDIA'S FIRST E-AUTO THAT TRANSFORMED THE LIVES OF ONE LAKH CUSTOMERS

Creating a new chapter in the world of electric mobility, Treo proved to be a smart and strong e-auto. Owing to its zero emissions, low running costs, and excellent performance, it became highly popular and was chosen by one lakh customers—making it the first e-auto in the country to reach this milestone. In this journey of transforming the lives of one lakh people, "one lakh" is not just a number; it's also a symbol of Mahindra's modern thinking and the unwavering trust of its customers.

Treo LIMITED EDITION

To celebrate the special occasion of reaching one lakh customers, here comes the Treo Limited Edition - ready to upgrade everyone's life in style! This Limited Edition brings a lot of new features:

SPECIAL LOOK

New stylish decals and attractive colors that make it look even more premium.

TREO - THE NAME SAYS IT ALL!

Be it a person or a company, no one becomes a leader by accident. To lead, one must innovate and improve constantly. When we talk about TREO, it's called the leader in the electric 3-wheeler sector, and the reason lies in its name - TREO:

T FOR TECHNOLOGY AND PERFORMANCE

Dust and waterproof
IP67-rated motor

- Powerful 10.24 kWh battery*
- 55 km/h top speed enables quick turnarounds
- Fully charged in just 4 hours 30 minutes \pm 10 minutes
- 8 kW peak power
- 42 Nm peak torque
- Off-board charger with 3-year warranty and IP67 protection (*Battery meets AIS156 safety standards)

- Dust- and waterproof IP67-rated motor
- Many convenient features for the driver
 - Remote monitoring of vehicle range and fuel savings
 - Charging status alert
 - Easy navigation

R FOR RANGE

- Performance tailored to the driver's needs
- Better range in Economy mode
- Enhanced performance in Boost mode

- 150 km typical driving range on a single charge
- 167 km certified range depending on driving conditions

E FOR EASY RIDE AND COMFORT

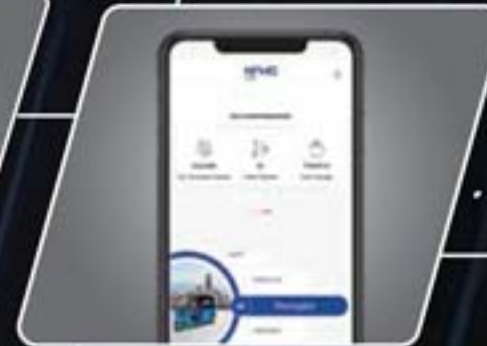

- 12° gradeability makes hill climbs easy

- Large overall dimensions (2769mm x 1350mm x 1750mm) ensure stability
- Best-in-class leg and shoulder room for driver and passengers
- 142 mm ground clearance (with an unladen vehicle)
- 2.9 m turning radius
- Special vehicle and jack provisions available
- Roadside assistance available anytime, anywhere
- Reduced risk of physical injuries, making rides safer
- Bright cabin light makes night driving easier
- Hill-Hold Assist makes hill driving easier

- Lightweight steel special frame for strength with reduced weight
- Strong metal body for added durability

- Longest-in-category 2073 mm wheelbase for better stability and legroom
- Low loading height for easy cargo access

O FOR OPECO, I.E., SAVINGS

- Save up to ₹1.2 lakh annually compared to CNG
- ₹6 lakh savings in 5 years

- 5-year / 1,20,000 km warranty
- Accident insurance cover of up to ₹20 lakh
(*Calculations based on current fuel costs and daily running of 175 km. Terms and conditions apply.)
